Euro-Palette	Xtreme™ W50	D15546455	120x80x75cm	135 units
Euro-Palette	Xtreme™ W50	D15546456	120x80x50cm	252 units
Box-Cover + Base*	Solar™ W20 (base W10)	D15546967	60x40x40cm	960 units

\*

Hereafter some pictures of the **Box-or-Bag-Cover** , D15548034 it's a perfect cover to fit a cardboard box of 60x40x40cm and fold-in the remaining upper 20cm height of material and tape to close it.

The **Tyvek® Xtreme™ W50** material consists of a 2-layer outside foil (white-silver) with an insulation wadding on the inside of the cover resulting to an efficient additional protection for your single cardboard boxes shipments.

Another solution is the **Box-Cover with Base D15546967** made of **Tyvek® Solar™ W20** for boxes of 60x40x40cm, see the following images.

We appreciate your feedback and will be pleased to provide you with more information if needed.
